Animal

What is your favorite animal?

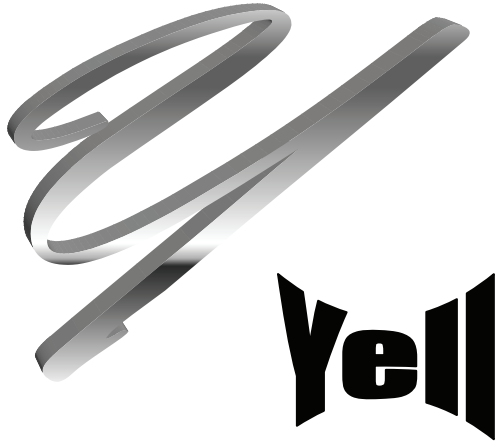

My favorite animal is the sea wasp. It is the most deadly kind of jellyfish in the sea. It has a large transparent body that's shaped like a bell. It has sixteen long, semi-transparent tentacles. Millions of stinging capsules cover the tentacles.

Zebra

Do you think zebras are black with white stripes or white with black stripes? Why?

I think zebras are white with black stripes. It always seems that way because it looks like white covers the majority of zebra's bodies. Zebras are African animals best known for their distinctive white and black stripes. Their stripes come in different patterns unique to each individual. They are generally social animals and can be seen in small to large herds.

When's the last time you ever yelled at someone? Why did you yell at them?

The last time I yelled at someone was last weekend. My victim was Aleeya. She wouldn't listen to me and started getting snappy with me, so I yelled at her and made her go to her room. That is the most recent time I've yelled at her, though we fight often. I usually win.

Book

What is your favorite book and why?

My favorite book is "Lord Loss" by Darren Shan. It's gory and has a twist right at the beginning. The characters are very vivid and really spark my imagination. My favorite character in the book is definitely Lord Loss. He has a morbid sense of humor like I do. I love all of the books of the "Demonata" series, but the first one is definitely the best.

What is your favorite color and why?

My favorite color is purple. It's the color of my favorite childhood television star, Barney the Dinosaur. Purple is also one of the colors representing my favorite holiday, Halloween. It's also the color of my favorite fruit, grapes. Purple is also the color of my birthstone, amethyst.

Would you want to have x-ray vision if you couldn't turn it off?

No, I wouldn't want x-ray vision if I couldn't turn it off. Going to places like nursing homes or fat camps would be unbearable. I would want to vomit every time I go to my grandparents' house. I also wouldn't be able to go to school: too awkward. Unstoppable x-ray vision would be a bad choice.

Who is your favorite writer and why?

My favorite writer is R.L. Stine. Robert Lawrence Stine (born October 8, 1943), known as R. L. Stine and Jovial Bob Stine, is an American writer. Stine, who is often called the "Stephen King of children's literature", is the author of hundreds of horror fiction novels, including the books in the Goosebumps, Rotten School, Mostly Ghostly, The Nightmare Room and Fear Street series. Some of his lesser-known works include a Space Cadets trilogy, two Hark gamebooks, a two-part novel The Beast and dozens of joke books. He is currently working on the Goosebumps HorrorLand series.

What is your favorite kind of diamond?

My favorite kind of diamond is the Canary diamond. Diamonds are usually yellow or brown in color when they are first mined. They are known as the hardest mineral known to man. Diamonds are good electrical insulators. They are rated a ten on the "Mohs Scale of Mineral Hardness".

Entertainment

What is your favorite movie and why?

My favorite movie is "American Psycho". I like it because it is full of gore and has an amazing twist ending. The killer in the movie is really likeable and leads an admirable double-life. One side being a psychopathic killer and the other side being a wealthy, young businessman. Overall it's a really enjoyable film.

Video-Game

What is your favorite video-game?

My favorite video game is Singstar Pop. It is a game where you have to hit the right musical notes to get points. I always get the highest score when I play against my friends.

What is something that makes you say “UGH!” when you see it or have to do it?

Doing the dishes makes me say “UGH!” when I have to do them. It gets annoying because it seems like nobody else can seem to do the dishes but me. They're always disgusting and make me gag every time I do them.

What's your favorite food?

My favorite food is mashed potatoes. Potatoes are very versatile and can go with almost any dish. The potato is a starchy, tuberous crop from the perennial *Solanum tuberosum* of the Solanaceae family (also known as the nightshades). The word potato may refer to the plant itself as well. Potatoes are the world's fourth largest food crop, following rice, wheat, and maize.

Game

What is your favorite board game?

My favorite board game is Monopoly. It started getting sold by Parker Brothers in 1934. The idea of the game was rejected by several game companies before it was eventually adopted by Parker Brothers. Now the game is sold globally, from New York to Tokyo. People have even invented Monopoly tournaments in several foreign companies.

Twilight

Are you “Team Edward” or “Team Jacob”?

I am Team Edward. A vampire is ten times better than a smelly dog. Vampires have more self control than werewolves. Drinking blood is way cooler than eating raw meat. Plus, I have a thing for pale guys.

Song

What is your favorite song and why?

My favorite song is “They Don’t Care About Us” by Michael Jackson. He presses on very important racial issues in it. He also protests against violence and other forms of prejudice. Michael Jackson is the best musical artist ever.

Elvis doesn’t even come close to Michael’s musical genius.

Home

If you could be home right now, what would you be doing?

I would be sleeping. I am constantly tired. I like being asleep far more than I like being awake. People can’t annoy me in my dreams. I heard somewhere that teenagers need more sleep than infants, and I believe it.

A Ice Cream

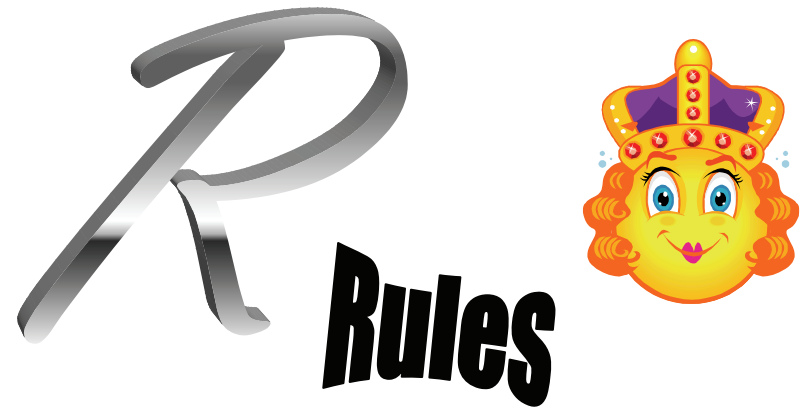

What is your favorite flavor of ice cream?

My favorite flavor of ice cream is vanilla. Ice cream is usually made from dairy products such as milk and cream.

The meaning of the term ice cream varies from one country to another.

Terms like frozen custard, frozen yogurt, sorbet, gelato and others are used to distinguish different varieties and styles. Even though the flavors of ice cream are abundant, I still go for classic vanilla.

R Rules

Name five rules you would enforce if you were queen/king for a day.

1. I would have all people that say the phrases "A whole 'nother", "All of the sudden", or "that ain't no" sent to special educational grammar camps until they can learn to talk right.
2. I would have a bank give me 1 billion dollars.
3. I would have all my enemies executed (humanely, of course).
4. I would make everybody in the United States wear purple everyday.
5. I would force Justin Timberlake to perform concerts for me whenever I want.

Question

If you could ask any person one question of your choice, what would you ask and why?

I don't want to ask anybody any question. There is nobody in the world that has the insight to answer my question. I also don't believe in any "higher powers", so I can't ask anybody not of this world either.

Jewelry

What is your favorite kind of jewelry?

My favorite kind of jewelry is a tongue ring. It is a very unique piercing to have, because most people are afraid to get it done. There are many varieties of tongue rings. You can pretty much get them in any style you want. Mine is just plain silver at the moment.

When you get older how many kids do you want and why?

When I get older I want no kids. Zero. Children of any kind annoy me severely. I will take all precautions necessary to make sure that I won't have kids. If I do have a kid, it will end up on the doorstep of a hospital.

Name one thing you've done in your life that makes you proud and explain why it makes you proud.

The one thing I've done that makes me proud is when I got first place in the Grand River Harmony Chorus show in 2009. It was the first talent show I'd ever been in. I got \$200 for it. My mom and her friend Dusti were really proud of me for winning. I got my name in the Hale newspaper the following week for it.

Who is the most obnoxious celebrity you can think of?

The most obnoxious celebrity I can think of is Bon Jovi. He's an uber sell-out and he dresses like he's still in the 1980's. His voice is terrible. His music is country-wannabe-trash. He is the main celebrity that I want to punch in the face.

Give your definition of love.

Love is any of a number of emotions related to a sense of strong affection and attachment. The word love can refer to a variety of different feelings, states, and attitudes, ranging from generic pleasure ("I loved that meal") to intense interpersonal attraction ("I love my husband"). This diversity of uses and meanings, combined with the complexity of the feelings involved, makes love unusually difficult to consistently define, even compared to other emotional states. As an abstract concept, love usually refers to a deep, ineffable feeling of tenderly caring for another person.

Music

What is your favorite kind of music?

My favorite kind of music is pop music. It is a music genre that developed in the mid 1950's as an alternative to rock and roll. It has a main focus of commercial recording, and it is usually composed of simple love songs. The term "pop song" was coined in 1926 to refer to a song that had "popular appeal".

Noise

What kind of noises bother you?

Nasally voices bother me. Bono's music bothers me. Moby's music bothers me too. Cher's music also bothers me. The babbling of the entire 2010 Tina-Avalon senior class bothers me as well.
